PADUCAH HOST TO KENTUCKY PRESS SESSION

62nd Annual Mid-Summer Meeting Convened in Paducah Today

LEADERS OF 40 YEARS AGO TO BE FEATURED

District Editors Will Be Hosts at Luncheon; College Talent Booked

Editors from every section in Kentucky are convening in Paducah this afternoon for the 62nd annual mid-summer session of the Kentucky Press Association. Members of the West Kentucky Press Association will be joint hosts with the Paducah Sun-Democrat and the city of Paducah, and will give a luncheon in honor of the newspaper folks from other sections Friday noon.

Indications are that attendance at the summer session will be the best in years. Editors from every part of Kentucky have reported that they are planning to attend the meeting.

Among the distinguished guests expected at the session are Irvin S. Cobb, who is billed as the chief speaker at the Sun-Democrat dinner to be given Friday evening on the roof of the Hotel Irvin Cobb, and Young E. Alfano, editor of the Insurance Daily, Louisville, Ky., and one of the best known literary lights of the nation. Mr. Alfano is one of the oldest newspaper men in point of years since entering the profession in Kentucky.

The program for the meeting is as follows:

8:00 p. m.—Reception of members and registration, followed by theatre party at the Woman's Club.

9:30 a. m.—Business session, meeting called to order by President Joe T. Lovett, Murray, Ky. Invocation by Dr. U. R. Bell, pastor, First Christian Church, Paducah.

Bull Hurts Noah Rogers

Noah Rogers received a broken bone in the arm and bruises on the face, when he was attacked by a bull Sunday. He was removed to the clinic for treatment.

He was leading the bull to water in the lot at his farm when the animal suddenly ran against him. This is the second time that the animal has attacked Mr. Rogers.

Fish Story

Joe Baker was still excited Monday morning after catching three-eight pound catfish in the Tennessee River at Pine Bluff Saturday.

Mr. Baker has a summer cabin at the river and one of the best bankers predict that he will not be on the job any the rest of the summer after the heavy haul. He caught the fish by "jugging".

Hal Houston Makes First "Hole-in-One" on Local Golf Links

The new golf course of the Murray Golf and Country club has now being initiated into the company of orthodox golf courses.

"Hole in one" has been made.

The feat was accomplished by Hal Houston last week when he dropped his spade mangle shot into the cup on the fifth green.

A par 3 hole, 145 yards long, was being played by Clifton Brown and Frank Albert Stubbfield at the time.

Brooks Starr, young professional who is in charge of the course, equalled par for the first time last week. Par is 36. Starr gained a stroke on each of the first three holes but lost them one by one on the fourth, seventh and eighth.

The young pro learned his golf on the municipal course at Paducah and was pro at the Lake View Country Club, Paducah, for several months. He is also superintendent and groundskeeper of the Murray course.

The local links are growing in popularity. A large group from Mayfield played the course Sunday of last week and declared it splendid for the length of time it has been laid out.

The club expects to build a club house on the property as soon as additional members are signed.

MRS. BEN MILLER DIES OF MALARIA

Young Matron Had Been Ill Four Months; Leaves Behind Three Children

Mrs. Ben Miller, 41 years old, died Wednesday at the Clinch Hospital following a four months illness of malarial fever.

She leaves a husband, a daughter, Rubie Arden, two sons, Carl Robert and Robert Leon; five sisters, Mrs. Myrtle Wallis, Mrs. Otis Taylor and Mrs. Alleen Taylor, all of Mayfield, Ohio; Mrs. Corn Abbott of Stewart county, Tenn., and Mrs. Bernice Jones, of Keokuk, and three brothers, D. W. Whaley and Bryan Whaley, of Paducah, and Clyde Whaley, of Dover, Tenn.

Mrs. Miller was a member of the Asodia Church of Christ.

Funeral services will be held this afternoon at two o'clock at the Henkle cemetery with Elder R. B. Henry in charge.

J. W. Clopton Buys Purina Store Here

The Lynn Grove Milling Company announces this week the sale of its Murray store on Maple street to J. W. Clopton & Co.

Mr. Clopton will move the store to its new place of business on Depot street, near the railroad station, on July 1.

The purchase carries with it the Purina feed franchise for this locality.

WAY CLEARED FOR CONCORD HIGHWAY

Consult With Highway Commission Regarding Program in Calloway

Working orders on the Concord road were received by Judge Hale Wednesday morning.

The road is to be widened to 36 feet and must have the project completed by November 27.

The right-of-way has been secured from Murray to Cherry on the Murray-New Concord highway and Judge Hale hoped to receive working orders from Frankfort this week. Bell and Bell of Nashville has the contract.

With the settlement of Mr. and Mrs. J. P. Palmer and others for their property in Murray for the highway all the difficulties of the property rights of the highway from Murray to Cherry have been removed.

Senator Turner and Judge Hale were in Paducah Monday to see Mr. Shelburne, member of the state tax commission in regard to surfacing the Hazel road and the bridge contract on the New Concord highway.

Oscar Holland, Warren Swann and J. D. Purdon were appointed as appraisers for the property in Murray that would be used in the construction of the highway. According to Judge Hale satisfactory arrangements were made with the parties concerned.

Mr. and Mrs. Homer Suratt were allowed \$225 for their property, as judgment against the commonwealth. Boyd Spencer was allowed \$75 and J. P. Palmer and others allowed \$10 for their property.

The bridge on the Hazel road will be completed in 20 to 30 days and is expected to be open for traffic not later than September 1.

Moses Glenn Spends Monday in Calloway

Moses R. Glenn, of Dawson Springs, railroad commissioner, was in Calloway Monday.

He is a candidate for the Democratic nomination to succeed himself as a visitor in Murray and the county Monday in the interest of his candidacy.

Mr. Glenn is well and favorably known throughout Calloway as he has often rendered valuable assistance to the party in local elections and has spoken in the interest of Democratic tickets in almost every part of the county.

This county is particularly indebted to Mr. Glenn because of the active part he has taken in the support of the Aurora dam. The dam is one of the most important working and most influential Democrats in the state.

Murray Baptist Church

Sunday subjects at the Baptist Church, 10:45 A. M.—"Is Future Punishment Right?" P. M.—"The Two Beasts of Rev. 13: Catholicism the First Beast; Protestantism the Second Beast." Class in "Why Be a Baptist" begins at 2:30 next Monday afternoon, if God will. Incidentally the Sunday night subject answers that question.

Class in "Bible Evangelism" begins at 7:30 p. m. Monday night. Classes open to all. No fees. Work taken and examinations given for the work's sake. Every Baptist in Murray and all others in reach need to take these two books to get ready for the biggest summer campaign in Blood River Association ever put on. No other classes planned before winter. Urge this opportunity. If you are a lover of the Lord and of lost souls, you will be sorry if you do not take these classes. They are free. Consult your feeling or your conscience. Think of your needs and come on.

DEMOCRATS TO RALLY AROUND NOMINEE JULY 4

30,000 Expected to Attend Laffoon Notification Ceremonies

Madisonville plans to entertain crowd

Bigwig, Rank and File, Five Bands to Participate in Ceremonies

MADISONVILLE, Ky., June 24. Madisonville is preparing to entertain thirty thousand people on July 4th, when Judge Ruby Laffoon will be formally notified as the democratic candidate for governor.

Special committees numbering more than 500 members have been selected for carrying for the comfort and well being of all visitors.

Three special trains will be operated from different sections of the state, one from Louisville will bring more than a thousand Jefferson county democrats including a fifty piece band. There will be ample space for those who come by motor.

The notification ceremonies will start at two o'clock with Senator Alben W. Barkley delivering the notification address. Judge Laffoon, in his speech of acceptance, will outline the principles and policies of government he will advocate in the campaign.

The streets over a section four blocks long each way, will be cleared of all traffic and an extensive application system will insure that all within that area will be able to hear everything taking place on the speaking stand. Radio station WFTW, Hopkinsville, Ky., will broadcast the ceremonies.

All clubs, lodges and public buildings will be thrown open to visitors and there will be an army of assistants ready to attend to their every wish. Five bands and a sixty piece drum and bugle corps will entertain the day.

At noon, Judge Laffoon will be notified by thirty 300 party leaders at the Spring Lake Fishing Club. His guests will include the notification committee, the nominees, the state central executive committee, the senators and all congressmen from Kentucky and prominent democrats from all parts of the state.

Judge Laffoon and the nominees on the ticket with him invite democrats everywhere to attend the ceremonies.

Refrigerator Showing Is Booked at Hotel

Beginning at three o'clock Friday there will be a demonstration of the National Hotel's new refrigerator.

The demonstration will be under the auspices of the Woman's Club and all of the ladies of the club are invited.

The speaker will be addressed by a expert from Memphis on refrigerators.

There will be all kinds of good old fashioned barbeque and other refreshments as well. Good order will be maintained and a good time is assured as we are expecting Legionnaires from everywhere.

W. PRITCHETT IS SHOT WEDNESDAY

Dexter Farmer Victim of Accidental Shot of Son in Corn Field

Wavel Pritchett, age 42, Dexter farmer, was accidentally shot by his eight year old son, Leonard, Wednesday afternoon at 1:30 in a field near Dexter as they were hoeing corn.

Approximately sixty feet entered his right leg below the knee, and Dr. Coffield, who was called, was fired by the boy. His condition is not serious since the lead shots are not apt to poison.

Mr. Pritchett had reached the corn field, which is about one mile east of Dexter, and had been sharpening hoes, when the shot was fired, was fired by the boy, and the lead shot entered his right leg below the knee.

After shot Mr. Pritchett started to run for home, but the yards dropped. He was carried the rest of the distance on a mule.

JOHN MILLS, 80, DIES WEDNESDAY

Aged Coldwater Farmer Leaves Three Daughters, Four Sons and a Sister

John Mills, 80 years old, died Wednesday night at his home near Calloway following an extended illness of complications.

He is survived by three daughters, Mrs. Arlie Beach and Miss Lulu Mills, of the county, and Mrs. J. J. York, of Calloway. Four sons, Noah, Frank, J. L. and Fayette, all of this county, and one sister.

Mr. Mills was a member of the Church of Christ. Funeral and burial services will be held this afternoon at 2:30 o'clock at the home of Mr. and Mrs. E. D. Thompson in charge.

Miss Eppie Wilcox on Concord Faculty

Through an oversight Miss Eppie Wilcox's name was omitted from the list of teachers in the New Concord High School for last year.

Miss Wilcox was instructor in the Home Economics department. She is a graduate of the Murray High School and received her college degree with honor from the Murray college in 1930.

Senator Barkley Is Hurt in West Virginia

Parkersburg, W. Va., June 22. United States Senator Alben W. Barkley, of Kentucky, who was broken right knee and fractured hip when his automobile skidded on a gravel road near Rockland, Ohio, today was hit a little better. He was brought to a Parkersburg hospital from Rockland, which is two miles from here.

Senator Barkley, whose home is at Paducah, Ky., had addressed a meeting of Spanish War Veterans at Danville, Ohio, and was on the way to

S. Pleasant Grove

Children's services were well rendered here last Sunday evening to a large audience. It was estimated that there were several hundred more present than could be seated, although there is a balcony to take care of a large number. Mrs. R. H. Pique gave a short address. Local talent furnished inspiring music, but there were several who by special invitation came from other localities and helped with the singing. The little tots who were flower girls attracted special attention but time and space forbids further mention.

The community was shocked last week to learn of the death of Dr. Gist Stephens of Pineville, Mo., after about 2 days illness, however it was learned later that he had been ill for about two months. Dr. Stephens died in an Oklahoma hospital and his remains were shipped to Fulton, Ky., the 17 of June and next day were brought to Pleasant Grove by funeral director of Fulton, Ky., where a large audience had assembled to pay the last tribute of respect to him who was regarded in this community. He is survived by his father, Hudson Stephens and a step-mother, two sisters, Mrs. G. Paschall of Fulton, Ky., and Mrs. A. Hornsby, Little Rock, Ark., who were present, one son, his widow and 5 step-children.

Mrs. H. L. Putman, Mrs. Ramon Brown, Mrs. Reed, Messrs. Gus Paschall and W. E. Phipps of Fulton, were also present at the Stephens funeral. Mrs. G. Stephens and son, Don Hake, and the driver, came about 600 miles from Pineville, Mo., in a car to attend the husband's funeral. Gist, as he was familiarly known, seemed to really die, death might claim him, and spoke words

Church of Christ

Program for Sunday, June 27. Bible Study 9:45 a.m. And we try to start on time. Don't be late. If you desire to attend our Sunday school, but live too far to walk, phone 428, and a car will come for you.

Preaching starting at 11:00 o'clock. We promise to let you out by 11:45. And now for something interesting. We are to meet on Sunday night. This will be the first service out side. But we plan to hold our night service in the open air till cold weather. So do not stay away from church thinking you will ROAST. We will be happy to have you keep COOL with us; on our nice lawn, just east of our meeting house on Maple street.

The Sunday night sermon will be on "Marriage, Divorce, and Re-Marriage, and To Whom Should Christians Be Married?" You are interested in knowing what the Bible has to say on those things. Therefore we give you a special invitation to the meeting Sunday night.

R. R. Brooks, Minister.

CROPS ARE AGAIN HELPED BY RAINS

Showers Saturday and Sunday bring relief from torrid temperatures. Old timers say that summer rains with lightning mean "no drouth." According to the rule of thumb, Calloway county will not be visited by drouth in 1931.

The east side of the county has had two fine rains since Saturday. That Saturday was the heaviest in two years and another precipitation almost as heavy fell in the northern and eastern parts of Calloway Tuesday afternoon.

Tuesday afternoon's fine rain was accompanied by lightning and thunder. The south side of the county got a good rain about ten days ago. The west side from Murray westward is suffering worse but with the many showers and plenty of moisture in the section they are due for the refreshment showers almost anytime.

Murray got four-tenths of an inch in sixteen minutes around 4 o'clock Tuesday afternoon. At 11 o'clock Monday morning the thermometer went to 101 degrees which was the hottest ever registered in the forenoon in Murray since H. B. Arnold has been keeping the government measurements, which are official. This information was given by Mr. Arnold, and he has been in charge of the weather measure for approximately six years.

The mark reached Monday was the hottest reached at any time of the day this year. Last Friday was the hottest general temperature. Old Sol making the thermometer stand around 98 degrees.

Last week was not a week of varying temperature, but rather one of a general hot temperature. The lowest reached was 65 degrees Saturday morning about 3:30.

Driving glasses for motorists are fitted with mirrors at each side, enabling the driver to see what is behind without turning his head.

A bath spray that concentrates the water into a small area, instead of scattering it, is particularly suited for shampoos.

Detailed Population Statistics for Kentucky

Statistics for the 1930 population of Kentucky classified as urban and rural, and by sex, color, age, marital condition, illiteracy, etc., have been issued by the Bureau of the Census in a bulletin (Population—Second Series) entitled "Composition and Characteristics of the Population." This is a pamphlet of 74 pages, 9 by 11 1/2 inches, containing mainly statistical tables.

The urban population of Kentucky in 1930 was 799,936, representing an increase of 165,483, or 20.7 per cent, since 1920. The urban population formed 30.6 per cent of the total population (2,614,589), as compared with 26.2 per cent in 1920. Urban population, as defined by the Census Bureau, is in general that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The rural population of Kentucky in 1930 was 1,815,653, comprising 1,174,332 persons living on farms, and 641,321 not living on farms, representing as a whole an increase of 32,476, or 1.8 per cent, as compared with the rural population in 1920 (1,783,087). The rural-farm population, taken alone, decreased 128,170, or 3.4 per cent, between 1920 and 1930, while the rural-nonfarm population increased 160,586, or 33.4 per cent.

Of the entire population of Kentucky, 91.3 per cent are white, 80.5 per cent being native white, and eight-tenths of one per cent foreign-born white. Of the native white population, 86.3 per cent are of native parentage, and 3.7 per cent are of foreign or mixed parentage. Persons born in Germany formed 3.4 per cent of the 2,614,589 persons comprising the foreign-born white population of Kentucky. More than two-

thirds of the foreign-born white population of Kentucky have been naturalized. The population of Kentucky as a whole increased 197,953, or 8.3 per cent between 1920 and 1930. The number of persons under 1 year of age increased from 58,205 in 1920 to 59,461 in 1930, while the entire group of children under 5 showed a similar slight increase.

The proportion of the population 1 to 13 years of age attending school increased from 88.5 per cent in 1920 to 91.2 per cent in 1930, and of those 14 and 15 years of age, the proportion increased from 77.6 per cent in 1920 to 82.5 per cent in 1930. The percentage of illiteracy in the population 10 years of age and over decreased from 8.4 to 6.6.

Of the 407,165 rural workers in the State in 1930, 750,966 were males, representing 57.5 per cent of the male population and 146,390 were females, representing 11.4 per cent of the female population. Including both farm owners and farm laborers, agriculture employed 358,575, of more than one-third of all the gainful workers in the State. Of the 122,231 farm laborers, 53,143, or 43.5 per cent, were paid family workers. The various manufacturing and mechanical industries employed 143,282 persons, the largest numbers being

The Increasing Health-Consciousness

Among consumers of milk and butter is resulting in revolutionary improvements in methods of handling and the distribution of milk.

Modern milk plants contain every appliance known to science for conserving the quality, flavor and purity of the raw products throughout the whole cycle of production, handling, and distribution. The dairy industry today places the utmost emphasis on sanitation. This change which has been revolutionary and swift, has been brought about by the public through and through, pure food laws and by the schools and colleges who are stressing the importance of physical education.

We like to feel that our plant is doing its part in this great movement to give you the very best, purest and safest milk products that you have ever had.

Harris-Mathis

Many friends of Miss Dorinda Harris, who resides at Brewers out formerly of this place, were surprised to learn that she had married the son of matrimony with Mr. James Mathis, also of Brewers, June 20th, at Metropolis, Ill. Mrs. Mathis is a beautiful and accomplished daughter of Rev. and Mrs. Alford Harris and her charming personality wins for her hosts of friends where ever she resides. Mrs. Mathis is a progressive farmer of the section of which he lives, also, well known and liked by all. We extend congratulations to this young couple for a happy and prosperous married life.

Walston-Heed

A marriage of interest which occurred Saturday, June 20th, 1931, at Metropolis, was that of Miss Lois Walston, eldest daughter of Mr. and Mrs. Horace Walston to Mr. Scott Reed, son of Mr. and Mrs. George Reed, both of Brook's Chapel. The young couple have lots of friends and are well known in this section where they were reared. They will for the present make their home with Mr. and Mrs. Horace Walston, the bride's parents. Their many friends here join those of Brook's Chapel in wishing them happiness and a long, prosperous married life.

Tobacco Association Head Declares U. S. Tariff Is Doing Leaf Market "No Good"

Asheville, N. C., June 19.—A. B. Carrington, president of the Tobacco Association of the United States, told members of that body here today that retaliatory measures of other governments as a result of United States tariffs "are certainly doing the tobacco industry no good."

Making his annual report, Mr. Carrington, of Danville, Va., cited the "retardance" of the grower of tobacco on a foreign market for his crop and said "it is a safe guess that in the end (a high protective tariff) is obliged to work considerable harm" on the tobacco trade.

Mr. Carrington reported that the 1930-31 crop in the bright districts of Virginia, North Carolina, South Carolina and Georgia will go down in history as the largest crop of bright tobacco ever grown and marketed in those districts, but it sold at the lowest general average for the past several years.

Stocks of tobacco on hand, held by dealers and manufacturers, in the United States of all types, amounted to 2,150,000,000 pounds in April, 1931, compared with \$55,000,000 pounds in April, 1930, the president continued. He pointed out, however, that though stocks of bright tobacco increased over 100,000,000 pounds in the year most of the stock was of medium tobacco.

"Following three previous crops of record size the world cannot take and consume this much tobacco," Mr. Carrington said, "especially when all other countries, wherever possible, are making determined efforts to raise their own, backed by legislative enactments designed to protect the tobacco grower in their respective countries."

In spite of all things, he said, tobacco has more than held its own in comparison with wheat, corn, cotton, copper, rubber, peanuts and other commodities.

Brook's Chapel

Having some refreshing showers and crops are looking good.

Mrs. Ollie Burken and sons have purchased another horse and have their large crop in fine condition.

Mr. Willie Sims has made and hung a screen door for Miss Chestnut McClain for her brother, Mr. Walter McClain's room who is suffering with cancer.

Mr. and Mrs. Lonnie Jones and son-in-law, Cary Rolfe, wife and daughter, Mary Sue, of near Murray visited Mrs. Jones' sister, Mrs. Ed Jones here, Sunday.

Mrs. Mary Neal is some better at this writing.

Mr. Charlie Burken has been on the sick list. He and his cousin, Tommie Burken, are carrying a large crop.

Seaton Redden is not getting along very well.

I sure missed the Dexter letter in last week's issue.

Mrs. Ollie Burken's daughter-in-law, Mrs. Herie Ramsey of St. Louis, has just sent her a fine ready made dress.

The women here are still setting hens. They are hatching better and growing faster than the earlier hatches.

Mr. and Mrs. Toy Jones and little daughter, Norma Jean and niece, Miss Edna Anderson and brother-in-law, James Hughes Burken motored to Murray and shopped Saturday.

Rev. Jones preached to a very good audience here Sunday. He and his wife took dinner with Mr. T. A. Jones and family.

Hixon, residing Northwest of Murray, of this county, is a coin of one-half dollar in denomination bearing date of 1818 and the "O" mint-mark (New Orleans, La.)

children spent Sunday here with his cousin, Mrs. Toy Jones, and family.

Mr. Barnett, an aged gentleman, living in a tent died while alone here last week. He was buried in the Gordon grave yard and funeral services were conducted at Brook's Chapel Church.

Mr. Tom Jones will soon have six veal calves to sell.

Stella Gossip

Just to "gossip" a bit, I thought I would tell you about a dog-fenel bouquet. I think faith er has done been brought up; now I've put on a campaign "Bringing up Me!"

Most all farmers let their hay and oats absolutely ruin in order to let it get ripe. Before they mow it then they say "weighs more"—Yes, lead weighs more than gold. My cousin said his uncle's brother used to run a livery stable, he'd take a block of old ripe, dead hay, feed it to customer's horse, would not could not eat it. Then he'd save it for next horse; made one block do a month!—"Eagle"

Eight hundred Spencer county farmers treated tobacco plant beds with arsenic "of lead dust or Paris green bait to control cutworms."

NEW PLYMOUTH

The Smoothness of An Eight... The Economy of A Four

FLOATING POWER and FREE WHEELING

The Vibrationless Car for Millions in the Lowest Price Field

To produce in 1931 an achievement in motor car design, engineering and pricing so revolutionary that it transcends every previous standard of quality, performance and value in the field of lowest price is to challenge the world.

That is precisely what the New Plymouth does.

Plymouth challenges with one of the greatest contributions engineers have yet made to modern motoring—"Floating Power."

Here is power unshackled, yet power as smooth as satin, as soft as velvet. Here is power without vibration—literally floating; power so stiff, that even experts could not name the number of cylinders under the Plymouth hood, and many guessed the New Plymouth to be an eight.

Plymouth challenges with Free Wheeling in all forward speeds—the only car in the lowest-price field offering this epochal development as standard equipment.

Plymouth challenges with a new, easy-shift transmission—which makes it possible to shift from second to high and from high back to second at speeds of 35 or 45 miles an hour!

Plymouth challenges with 36 brake-horsepower.

Plymouth challenges with self-equalizing internal hydraulic brakes.

Plymouth challenges with double-drop frame.

Plymouth challenges with entirely new styling, with new eye-conspiring beauty of line and color.

Plymouth challenges with full-size safety-steel body, with wire wheels standard, with hydraulic shock absorbers.

This vibrationless Four that wipes out all earlier conceptions of fine motoring in the lowest-price field challenges your attention. See it today. Drive it yourself. Let the new Plymouth prove its superiority.

NEW PLYMOUTH BODY STYLES—Roadster \$525, Sport Roadster \$535, Sport Phaeton \$595, Coupe \$565, Coupe (with rumble seat) \$610, Convertible Coupe \$645, Sedan (2-door) \$575, Sedan (4-door 3-window) \$535, f. o. b. factory. Wire wheels standard at no extra cost. Convenient time payments may be arranged.

The Farm Outlook

Discussing Calloway county's farm program before the Rotary Club last Thursday, which incidentally has all the earmarks of a good one, County Agent Dickey remarked that it was unfair to attempt to lead the farmer to believe that prices of agricultural products are due for a sharp rise.

Mr. Dickey is right. One of the biggest troubles ailing agriculture is that too many lurid promises have been made in the way around. Artificiality will not work very long.

All the outlook is not dark and gloomy, according to Mr. Dickey for he says that the farmer is favored by a declining commodity market so that those things which he has to buy are coming closer to "dollar for dollar" value of farm products.

The farmer gets more, useless advice than any professional man under the sun and the only explanation for it is that more people are interested in the farmer than in anyone else. Much of it is prompted by the best motives though valueless in practical use.

There is no cause for an additional alarm about the farming situation but it is well to know that conditions do not augur any forthcoming era of great prosperity in the near future.

Congratulations, New Concord

It's a deep pleasure for the Ledger & Times to extend heartiest congratulations to New Concord high school on its rating as an "A" grade high school.

This school has long been one of the best of such institutions in the state and this promotion is most eminently deserved.

No community has supported its high school more loyally than have these good people and the patrons of the New Concord community, who have worked and sacrificed for the very best advantages for their children, share the honor with the capable faculty and the generous county board of education which has given heartiest co-operation.

Congratulations, New Concord!

WILL CHESTER IS INJURED THURSDAY

Trapped Under Box Car Door Here While Unloading Lumber.

Will Chester, West Murray, morning June 18, when a box car door came loose from its hinges and knocked him between the rails, while he was unloading lumber for the Calloway County Lumber Co.

He was removed to the Mason Hospital for treatment and later removed to his home.

His injuries are probably not serious, but the doctors fear that his kidneys will be affected.

The men were opening the door and Mr. Chester was standing between the rails when the door, which weighed approximately four hundred pounds, fell on him. Much of the weight was held by the rails which saved a probable fatal injury. Henry Farris who was working with him aided him in escaping from the trap.

JUST JOTS

By Joe

The Ledger & Times has the only molasses eating press in captivity. Rolfe Melon says he believes we can coax a few more papers out of 'er on a molasses and sugar diet. It's the old Babcock that was installed by the Ledger many years ago and is still today, earning its salt.

And here's how it got started on a molasses diet. Several years ago someone paid O. J. Jennings his subscription with a couple of buckets of molasses. Mr. Jennings stored them away some where near the press and somehow they were overlooked. Here the molasses idled for years until Glenn Ford, newest acquisition in the composing room, saw them the other day and concluded that the buckets could contain nothing else than oil for the press.

And, boy howdy, what a generous dose of oil that old press got. Glenn wasn't a bit stingy about pouring it in the runners which carry the form backward and forward.

About the time the feeder got good and started he knew something had happened to the old girl. She was stiff as an automaton and wouldn't run. There's an old half-hearted revolution just gave up the undertaking entirely.

Generous applications of coal oil and the patience and dexterity that comes with long experience with old-time, drum presses soon eliminated the difficulty and the old press is back on duty again.

The Court of Appeals has ruled that an Owensboro officer who made a fruitless trip to California to extradite a fugitive is not entitled to the expenses. There's an idea in that. Why not refuse to pay the jurors who free crooks in court?

Certainly no one will object to the appropriate movement to name the bridge over Tennessee River after the late George Rogers Clark, the real discoverer of this section of Kentucky. And the beauty of the idea is that, for once, it won't cost the state anything.

A defender of Golden Pond attempts to put Murray and Mayfield in the same class. We most strenuously object and refer the decision to popular vote.

Keith Hood, my good friend who edits the Bedford Democrat, sent me an invitation to the ceremonies marking the opening of the concrete road from Bedford to Louisville. Of course I couldn't go but I certainly would be pleased to accept with alacrity a invitation to attend a concrete road opening in Calloway county. Evidently, however, I'm not going to be compelled to neglect my business taking in such affairs.

The fact that they want a speedy trial indicated beyond all doubt that the Golden Pond bank robbers are crooks.

America's "wailing wall" is the tariff wall.

We still waiting for some scientist to breed a mosquito that's afraid of the dark.

If it gets any worse, first prizes in these beauty contests will be pearl-handled revolvers.

That the boys have settled those same old rifles, weigh just about twice as much as they did thirteen years ago. You

can tell the old diff' a-sighin' 'em from port to right shoulder arms or from "order" to "port".

And the Legionaries didn't get a single cheer when they marched around the court square. It was different back in '17. Maybe those who watched were adduced by too many memories.

I was one of the youngest of those 300 veterans in the March Friday and I didn't feel like any spring chicken after trying to play baseball the afternoon before.

A popular automobile is advertising a long list of questions to an interesting prize contest. But this question most motorists are concerned with is "what's the matter with the danged thing?" when their car goes dead on the highway.

Tennesseans, by statute, denied they descended from monkeys and then let Rogers Caldwell make them that way.

"Bull" is said to be utterly useless but the plural of it could help the stock market right now.

Two years ago the government was trying to take action to head off the market bulls from ruining the country and now is trying to stop the bears from ruining the same thing.

One of the biggest troubles with our country is that there are too many times the jury is hung when our good readers who think it isn't in the paper unless it is on the front page.

Down here the paper was demonstrated at the annual Legion fish fry here Friday when no one tried to scrounge in at the head of the line of belov'd "When do we eat?" in stenographic tones.

T. Sledsd said I told him twelve times Friday that it was "twelve years ago today since I came from France." I told him he would have been so glad he would have remarked it a couple of hundred times.

GROSS SALES TAX UPHELD BY COURT

Yield Estimated Between One and Two Million Dollars Annually.

Frankfort, Ky., June 19.—The constitutionality of the 1930 gross retail sales tax law.

The act, requiring all retail stores to file reports with the State of their gross business and levying a graduated tax on gross sales of retail merchants, was aimed particularly at large department and chain stores.

Whole Court Concurs.

The opinion, concurred in by the whole court, was prepared by Judge Richard Priest Dietzman, affirmed a prior decision of Justice Thomas B. McCreger, of the Franklin Circuit Court, in suits brought against the Board of Charities and Corrections by Forrest Moore, Frankfort, and D. T. Bohon Company, Harrodsburg.

Half of the revenue derived from the tax will go to the Board of Charities and Corrections for repairs and improvements to the State penal and charitable institutions, and the remainder into a special fund for retirement of State warrants, which now exceed \$10,000,000.

The law, it has been estimated, will yield a sum ranging from \$1,000,000 to \$2,000,000 annually. The Appellate Court overruled each objection raised to the act in the opinion. The law, however, is still under attack in the Federal courts.

New Constitution for Kentucky Advocated by Professor Lowry, Pointing Out Faults

Charging Kentucky officials are underpaid, magistrates and judges inordinant of the law and that several teachers in his audience had doubt their positions, Prof. C. S. Lowry, head of the social science department of Murray State Teachers College, advocated a new constitution for Kentucky in an address here Friday. Prof. Lowry spoke during a chapel meeting.

He criticized Kentucky's present legislative system, stating "with two houses in a state legislature, no man or woman who has any knowledge of present conditions can say that governmental cost can or should be lowered." He urged a new constitution so that salaries of officials might be raised.

Prof. Lowry condemned the separate election of the governor and state superintendent of public instruction. He said state officials should be allowed to meet themselves and claimed that

low salaries induce padding of expense accounts.

Abolition of real estate taxes for state purposes was urged by the speaker, who said inheritance taxes, corporation taxes and "what nots" should be used for state expenses.

Biblical accounts of the fiery destruction of Sodom have been verified, scientists believe, by recent excavations in Transjordan.

MURRAY TROUNCES HUNTINGDON 29-9

In Opening Game for Murray; Will Play Return Game Here Friday Afternoon.

Celebrating the opening of their season the Murray Merchants' baseball team took the Huntingdon, Tenn., nine to a 29-9 trouncing at Huntingdon Sunday as Jim Miller and brother John knocked two home runs each.

It was a easy victory from the beginning as Murray pulled into the lead with four in the first, four in the second and three in the third inning while the Tennessee Independents made one run.

Murray gathered twenty-five hits to fourteen by the opponents. John Robertson and Herman Shaw pitched for Murray and DeWesse and Brinkley caught. Pate and Durdin were the batteries for Tennessee.

Besides the circuits made by the Miller brothers, Shaw made one while the Huntingdon team made three. Vickers made two and Durdin made one. Strengthened by several fast players from Gleason, the Huntingdon team will play a return engagement here on the College field Friday afternoon.

In Memory of Hubert W. Washam

I lost a friend the other day His heart was brave and strong and true. Our days were sweet but all too few. He passed from earth the other day.

But while I see him here no more I know that on a happier shore Not here but in eternity God will give back my friend to me.

Hubert W. Washam, son of B. C. and Elizabeth Washam, was born Dec. 22, 1898 and died April 14, 1931; age 32 years, 3 months and 22 days. Eight years before his death he was married to Miss Treva Key, she with three small children survive. To this union was born two sons and two daughters, one infant son having preceded him to the grave. Early in life he professed faith in Christ as his Saviour and united

with the First Christian Church, and was consistent to this faith till his death. His early education was in the common schools, having toiled as a boy to provide for a widowed mother and smaller brothers and sisters. It can be truthfully said by those that knew him best that his life was beautiful, clean and heroic. He loved his home and his family above everything else in the world and his tender and sympathetic devotion to his wife and children was an index to his pure Christian life. In his professional and private life he lived above reproach; things that were dishonest, impure and low were despised by him. He loved his friends and few men know how and all that knew him were his friends; surely his life was such that his children will rise up and call him blessed. He was not strong in body, having been stricken in childhood with typhoid fever and labored under physical handicaps all his life yet never complaining, always cheerful with his troubles to himself. While pursuing his activities of labor he was struck by an automobile in front of the store in which he worked and after eleven weeks of intense suffering and pain and all that doctors and nurses and friends could do he quietly and peacefully fell asleep in the arms of Jesus. His life was short but surely not in vain for he has left an impression upon the world that cannot die with him. For God buries his workmen but his work goes on. That he is dead, he is just away with a cheery smile and the wave of his hand, he has wandered into an unknown land.—L. L. Jones and Mrs. H. W. Washam.

Calloway Farmers to Have Lespedeza Fields Certified; County Agent Offers to Assist

According to County Agent C. O. Dickey, about 75 Calloway county farmers sowed Korean or Kobe Lespedeza for the first time this spring. This will be used for hay and a seed crop. Many of these men are interested in having their fields certified so they will be able to sell certified seed.

To do this they must make application for certification to the Kentucky Seed Improvement Association before July 1. They must pay a membership fee of \$3.00. An inspection fee is added and must accompany the signed request for inspection. This fee is \$7.00 for the first 20 acres or less, and \$25 per acre additional from 20 to 100 acres. Where there are not enough inspection fees collected on any inspection trip to

pay actual expenses for travel of the inspector, additional fees shall be collected by the inspector sufficient to pay the expense of that trip.

The total fee, including membership, must be paid before time will be scheduled for inspection. Should circumstances arise causing the grower to not desire the service after the fee is paid, the fees will be returned on written request of the grower, provided notice has been received before the inspector has left headquarters. Under no other circumstances will refunds be made.

Farmers of the county desiring to apply for certification of their Korean fields should see County Agent C. O. Dickey at once and file their applications. After July first it will be too late.

Swimming Course Opened at Murray

For the first time in the history of Murray State College, a swimming course with credit has been offered. The course will be under Prof. R. L. Montgomery, director of physical education in the college. According to Professor Montgomery Murray is the first teachers college in Kentucky to offer credit for a course in aquatics.

The class study will consist of training in the art of diving, the gracefulness of swimming, and lessons in life saving. The class was organized June 12.

River bottom farmers in Boone county are interested in sweet clover. It is seeded with wheat in the spring, cut for hay, grazed in the fall, and pastured or turned under as a green manure crop the following spring.

Consider your Adam's Apple!!* Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY Instead"

When you visit your physician for your periodic health examination, one of the very first things he asks you to do is to open your mouth wide, and to say "Ah." He is examining the delicate lining of your throat. "Ah!" There is not a man or woman who could even make this simple sound, if in the throat there were no Adam's Apple. For your Adam's Apple is your larynx—the voice box containing your vocal chords. And what a delicate piece of Nature's handiwork the Adam's Apple is. A slight cold—even a tiny particle lodged in the throat—and our voice often grows husky. In acute cases, we may even lose our voice for several days. Don't rasp your throat with harsh irritants—Reach for a LUCKY instead—remember, LUCKY STRIKE is the only cigarette in America that through its exclusive "TOASTING" process expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. No wonder 20,679 American physicians have stated LUCKIES to be less irritating. LUCKIES are always kind to your throat. And so we say "Consider your Adam's Apple."

A Hopeful Sign

The most encouraging business news heard in many a day has just come out in Akron.

Harvey S. Firestone, the tire manufacturer, reports profits of his company for the first six months of its current fiscal year which are double the earnings of the entire year of 1930. The earnings are sufficient to cover the company's dividend requirements on both its preferred and common stock.

To what extent the Firestone company's record is a sign of the times rather than an individual achievement remains to be seen when the six months' statements of other industrialists become available. Meanwhile, there is no reason to suppose that Firestone alone has felt the improvement and the country is warranted in assuming that the report of this one manufacturer is indicative of other encouraging omens to come.

The showing of the Firestone company is especially significant in that it represents, not what Wall Street or any one locality or group thinks about business, but rather the feeling of every nook and cranny of the country; big cities and small cities, villages and farms. The great tire companies sell their product everywhere and to every economic class.

The wealthy owner of expensive cars, the owner of an ancient rattler, the owner of one or a hundred commercial trucks—all unite to make the tire companies' business good or bad as these buyers themselves feel prosperous or reverse. The tire companies have felt the depression perhaps more keenly than the manufacturers of other necessities, and now the first actual proof that business has quit the bottom and started the upward climb for which everyone has been waiting comes from one of these tire companies.

The Firestone report is more than a hopeful sign; there is no theory in all of this. It is good business. Good business is the only term in which good business can be stated—that is, it's money earned.

The county agent estimates that Fleming county farmers sowed 400 bushels of alfalfa seed, and in addition large amounts of Korean lespedeza and orchard grass.

The Powell County Seed Association has sold a large amount of seed corn, much of it going to other counties.

McCracken county fruit growers are co-operating with the College of Agriculture in studying the control of orchard insects.

Ordinance

Busiest Actor In Laziest of Roles

Slim Summerville, who plays
an important role in "The Front
Page," which comes to the Cap-
itol Theatre on Monday and Tues-
day is known as the busiest actor
in Hollywood.

During the past year the lanky
Slim has appeared in nine fea-
ture-length pictures, and 17
episodes.

Slim has been in pictures for
years, but his vogue was renewed
after his brilliant work as "Trad-
jen" in "All Quiet on the West-
ern Front."

In "The Front Page," Slim
plays the role of the governor's
messenger—a lazy guy with a
tape-worn who doesn't think it
really matters whether or not he
gets there with the pardon which
will save a man from hanging.

Lewis Milestone, who directed
"All Quiet," also directed "The
Front Page," and insisted on
having Slim in this important
part.

Adolphe Menjou, Pat O'Brien,
Mary Brian, and Edward Everett
Horton are among those in the
cast of this brilliant Howard
Hughes production.

20,000,000th Ford
To Be Here Saturday

(Continued from Page One)

15 minutes before resuming its
tour. The car will be met by
Mayor Ed Pilbeck, Chief Police-
man Parker and E. J. Beale of the
J. Beale Motor Co.

Its tour of the country com-
pleted, the Twenty-Millionth Ford
will be returned to Greenfield
Village for preservation near the
first Ford—the "Gasoline Buggy"
in which Henry Ford ascended
his neighbors and demoralized
horse traffic when he chugged
noisily through Detroit's cobble-
streets at the dizzy speed of
nearly 20 miles an hour.

The first Ford—built in 1893
and one of the first three auto-
mobiles the world has ever seen—
odd, indeed, by comparison with
its 1931 descendant, was mounted
on bicycle wheels and its wheel-
ing little two cylinder boasted
four horsepower. Its gasoline
tank held all of three gallons and
its uncomfortable seat accommo-
dated three people. In order to
drive it Mr. Ford was given a
verbal permit by the mayor, thus
becoming, it would seem, the
world's first licensed chauffeur.

Such was the precursor of the
tons tons of Fords that have since
revolutionized the automotive in-
dustry, made the automobile a
commonplace within the reach of
almost every family and tre-
mendously aided the development
of good roads systems.

In December, 1915, more than
1,000,000 Fords had been pro-
duced. Thereafter as a result of
Ford manufacturing methods and
processes now recognized as stan-
dards of efficiency and economy
for industry the world over, the
total production reached 2,000,-
000 in June, 1927; 5,000,000 in
May, 1929; 10,000,000 in June
1931; and 15,000,000 in May
1932.

The Rev. Figue preached an
extra good sermon at the Lynn
Grove M. E. Church from the
text, "Whosoever shall save his
life shall lose it; and whosoever
shall lose his life for My sake
shall save it."

Miss Modelle Tidwell who re-
sides with her grandfather, John
Tidwell, west of Harris Grove,
was stricken suddenly with appen-
dicitis and was rushed to the
Mayfield Hospital for an opera-

tion which was successful.
Mr. Earnest Kelo and Miss
Lucy Murdock spent Sunday in
Union City, Tenn., visiting Miss
Murdock's friend, Miss McCordie
in that city.

Miss Novie Orr spent a few
days last week with her sister,
Mrs. Marvin Page.

Mrs. Claud Stone was a Sun-
day visitor in the home of Mr.
and Mrs. Jim Pickard.

If every Democrat would make
up-and support the ticket in
November, say, my how great the
victory would be.—Bussy Bee.

Keeping cool is largely a matter of eating the right things and
dressing appropriately.

Summer whites make you look cooler and they make you feel
cooler.

We have a wide selection in summer things for Men, Women and
Children. For the women, we have the new things in white frocks,
white shoes and accessories to match.

For the men, we offer Summer Suits, Odd Trousers in light weights,
Summer Oxforas in the popular duo-tones.

For the children, Summer Play Suits that are comfortable for both
the little girls and the little boys.

And the Basement is the COOLEST PLACE IN TOWN. Drop
down there to shop for your notions and cool off.

We are always glad to have you come in when you are in town.
Plenty of drinking water for everyone.

Because It's Pure Cream Ice Cream

There IS "something special" about it. A cer-
tain flavor and texture that can't be imitated. Oh,
that wonderful taste from a GENEROUS sprink-
ling of fresh Georgia peaches.

MURRAY VELVET ICE CREAM is made only
of the purest and richest ingredients. Manufactured
under the strictest sanitary and modern meth-
ods which insure uniformity in richness, sweetness
and food value.
